## Butch Beard's Attorney Says Beard Wants To Attend UK

Butch Beard, prize catch of the recruiting season among Kentucky High School Athletes, has created a big stir with his announcement over the weekend that he wants to attend the University of Kentucky.

It has been reported that Beard signed a letter of intent with the University of Louisville on May 20 at 8:01 a.m. one minute after the deadline for signing such documents.

Beard's attorney announced Saturday that the 6-3 all star wants to attend UK.

The letter intent rule is followed by several conferences, including the SEC, of which Kentucky is a member, and the MVC to which Louisville belongs. The letter of intent merely protects the signer from signing with another school in the conference.

In other words Beard, by signing the letter of intent with UL, is only bound to the University of Louisville.

This brings to mind an incident of this type that happened on the local scene a few years back.

Lewis Couch, the all-star from Carr Creek, signed a letter in intent with Morehead State College to play his college ball. Couch didn't fulfill the written agreement as he transferred to Cumberland College, which at that time was an independent school. Cumberland has since joined the K.I.A.C.

It would appear that in Butch Beard's case if he signs a grant-in-aid with Kentucky and becomes the first Negro to play in the SEC that Louisville could not step into the matter.

The commissioner of the

MVC, Norvell Neeve, will have the last word as far as Louisville is concerned, if he holds up the pact. Beard will lose two years of eligibility if he enters UK, otherwise he would be due his full college eligibility.

UK has said it will halt its recruiting of Beard until his status with UL is cleared up. Bernie Shively, athletic director at UK said, "We have been interested in Beard for a long time."

Beard led Breckinridge County to the State High School Basketball Championship two months ago and will be Mr. Basketball for the Kentucky-Indiana All Star series slated for June 19 in Indianapolis and June 26 in Louisville.

Hazard fans remember Beard and his Breck teammates for the job they did in knocking Hazard out of the state meet in the semi-final round.

In regards to the time that Beard signed the letter of intent, officials at the high school in Hardinsburg say it's impossible that Beard could have signed at the 8:01 a.m. hour because he was on hand for his class that morning. The three sport star arrived around 7:40 CST for class on the morning of May 20 which would have been 49 minutes after the signing, although Louisville time is one hour faster than that of Hardinsburg. According to reports it is almost impossible to drive in that length of time from the dentist's office where Beard signed the pact to the Breckinridge County High School.

If Beard should enter UL that would give the Cardinals the most feared 1-2 punch in college basketball. Westley Unseld, 6-8 giant from Louisville Seneca, will be a sophomore on this year's varsity at UL and would have two years to team with Beard if that should come about.

**Award-Winning Napier Band**

The M. C. Napier High School Band, under the direction of Miss Barbara Martin, as it appeared in last weekend's Mountain Laurel Festival in Pineville. The Napier musicians took second place in Class A competition, losing to Lexington Bryan Station, who took the top honors. The Napier Band recently appeared in the Kentucky Derby Parade and, according to Parade officials; Napier's band was, "The sharpest looking unit in the parade."

## Assistanceships & Fellowship Awards

Three assistantships and one fellowship have been awarded to four Cumberland College graduates for the upcoming year to the University of Tennessee, University of Louisville, Texas Christian University, and Miami University at Oxford, Ohio.

John Hollingsworth has been appointed as graduate assistant in botany at Miami while doing work on his masters degree there.

Paul Falin, a native of Richmond, Kentucky, won an assistantship in recreation and physical education to the University of Tennessee at Knoxville.

Eric Wake of Louisville has been awarded a one-year assistantship to Texas Christian University at Fort Worth, Texas.

Benjamin Meney, a 1965 August graduate, has been named to a one-year \$2400 fellowship to the University of Louisville. Meney, a native of Williamsburg, will study in the field of biology and chemistry.

## Don Kruse, Big Man, Evades Rupp; Signs With University of Houston

It seems as if the big man always evades University of Kentucky Coach Adolph Rupp. The man in the brown suit, who was all set to sign 6-8 Don Kruse, a junior college transfer from Texas, has lost out again.

Kruse visited the Lexington Campus some time ago and indicated strongly that he wanted to attend Kentucky. However, his mother had asked him to remain in school in Texas so she could see him play.

Just as his mom asked Kruse signed a grant-in-aid with Houston University earlier this week.

With this major event it looks as if Rupp will have to place a big load on two sophomores come next December. Thad Jaraz and Cliff Berger two standouts from last year's have to bare a heavy burden if the Wildcats are to regain the SEC crown.

Jaraz, a 6-5 husky young star from Lexington, is a rugged rebounder and a dependent scorer.

Beard, as everyone expected, was named Mr. Basketball for the Kentucky Indiana series coming up next month.

## Hazard Herald C'Leader Of Week

Miss Yvonne Butler of M. C. Napier High School is the Herald's choice for "Cheerleader of the Week". The Cheerleader of the week series was a regular feature of the Herald before the primary election. It is the feeling of the Herald staff that this feature should be continued since all cheerleaders from the County High Schools were not honored.

Miss Butler, now a junior at Napier, has just completed her second year of cheerleading. She is the daughter of Mr. and Mrs. Ed Butler of Harveyton and plans to be a Nurse after graduation. She has maintained a B average for her first two years at Napier.

## PERRY COUNTY SCHOOL NEWS

By H. C. Robertson

Mr. Dennis Wooton, Superintendent of Perry County Schools, went to Frankfort Monday in the interest of Head Start, the pre-school program, and the elementary library program. He was accompanied by Miss Faye Campbell, Supervisor and Mr. Troy Fields, Director of Pupil Personnel.

Mr. Wooton attended graduation exercises at Leatherwood High School at 7:00 p.m. of the same day.

Graduation exercises for the Big Willard Elementary School were at 9:30 a.m., Tuesday, May 25. The commencement address was given by Mr. Henry Robertson, Visiting Teacher. The theme was: "Success." In a changing world, Mr. Corbett Grissom, Visiting Teacher, gave a talk urging the graduating class to accept responsibility for further education. The diplomas were presented to the class by Mr. Clarence Howard, Principal. Awards were presented to those who were eligible.

Members of the graduating class were: Geniev Engle, Thelma Brock, Mary Lou Wilson, Vivian Campbell, Reed Morris and Beecher Morris, Jr. The Big Willard School has seen how ice cream was made

an excellent program and is an inspiration to all who observe it. It is a three room school. The teachers are: Mr. Clarence Howard, Mrs. Helen Howard and Mr. Denny Campbell.

The principal, teachers, pupils and parents of Robinson Elementary School at Ary, Kentucky greatly appreciate the outstanding support received for their carnival held on May 7, 1965. The amount cleared was well over \$1000.00, and will be used to purchase more instructional materials and items needed to improve their library. All items purchased will be permanent.

As the Perry County Schools come to a close for the year, we are happy to report that it has been a good year. We will perhaps have a more detailed report on this next week.

The two First Grades of Combs Grade School went to Meadow Brook Farm, May 14. This was the culmination of the farm unit on which the children have worked.

The children observed the cattle and farm buildings then went to the Grandview Drive-In playground for a picnic. Afterwards they were permitted to see how ice cream was made

at the Dairy Bar. The ice cream mix had been donated for the children by a local Dairy.

A visit to the airport to view the planes, hanger and runways was made at the end of the day's activities.

The two teachers, Mrs. Goldie Zimmerman and Mrs. Sally Summers were assisted by two of the mothers, Mrs. George Luttrell and Mrs. Dorothy Hoskins. The school's custodian, Mr. Burt Robertson, helped with the transportation of the children.

## Kiwanis Club Hears Speakers On Alcohol, Tobacco, Narcotics

At the regular meeting of the Kiwanis Club Tuesday evening, May 25, at Don's, Paul Keen was program chairman. James Sanders and Robert Ridgewater of the Federal Department of Alcohol and Tobacco; in the order named were guest speakers.

Other violations included in this department are narcotics; smuggling; security, including presidential and other high officers; coast guard; misrepresentation or duplication of whiskey; shipping of machine guns and other firearms by mail and others. It is evident that lack of cooperation has been more obvious in regard alcoholic taxes than any other in the history of this country, dating back to the whiskey rebellion in 1793 during the administration of George Washington.

This year in the state of Pennsylvania this tax took care of a third of the Revolutionary War cost. Imposition of an excise tax on whiskey is old as history itself. It first started in Spain and Arabia. Later on the Irish and Scotch used this tax on their whiskey for revenue.

Ridgewater in his discourse was equally as interesting because he delved into their personal experience in running down moonshiners. He stated that the amount of mash or whiskey destroyed in Kentucky raids was in the ratio of 1 to 10 increase in the Virginia raids in the same period. Also that 90% of the Kentucky violations were in Eastern part of state. In the country as a whole, by far the larger part of raiding troubles were in the larger cities in all states. There was much less trouble in the Kentucky mountains he said because in many cases the violators would keep their word to appear in court rather than be put in prison or placed under heavy bond.

The only other visitor was Fonda Adams, a former member of the local Kiwanis Club, now residing at Naples, Florida. The Kiwanis Club made its annual Key Club award at Dilce Combs Tuesday evening. Paul Taulbee, President, was recipient of \$10.00 for outstanding work the past year. Principal Jones made the award. He merited the award on ability to preside, punctuality in monthly reports and offering services by his club.

The rule is that straight bourbon must be aged 2 years. Many bourbon makers settle on 4. Kentucky Tavern says 8. Eight years is when our bourbon flavor is at its peak. When it's as smooth as a bourbon ever gets. Like we said in the first place, Kentucky Tavern is an old smoothie.

ROLAND BAKER says . . .  
Thank You!

If I could write a book just now, the pages would still be too few to tell you, the voters of Perry County, how very much I appreciate your support during the primary election. I am humbly grateful for the honor of being your Republican nominee for Sheriff of our county, subject to the November election.

The primary was a hard fought campaign and I'm respectful of the capabilities of my opponents. I know how bitter defeat can be, but I ask them and their supporters to cast aside any bitterness and help me to win again this fall.

Since I was a little boy, I've had the dream of being Sheriff for the people of Perry County. In recent years I've tried to make that dream a reality, though often discouraged. With your help and encouragement, I've been able to keep my youthful ambitions. Now I sincerely ask the continued support of you good people of Perry County through November.

Perhaps two little words best sum up my gratitude to my friends, family and workers. So "Thank You" from the bottom of my heart.

I'll be seeing you again this summer and fall!

## Roy Eversole Teachers Honored At Ceremonies In School Last Week

Tributes were paid to teachers at the Roy G. Eversole School during last week. On Monday, a gift presentation was made by the faculty to a fellow teacher, Mrs. Effie Porter, who is retiring at the end of the regular school term.

The following poem, written by one of the teachers who wishes to remain anonymous, sums up the esteem in which she is held:

To Mrs. Porter,  
You've been a faithful and loyal person,  
The children will miss you, That's for certain!  
The many minds you've helped to mold  
Your impact on them can never be told.

You were always here through rain and snow  
We saw in your face that certain glow.  
Ever planning for better ways  
To build character for the coming days.

Never failing to be fair and true  
To all the children so dear to you.  
We feel sure you'll keep that glow,  
Spreading joy wherever you go.

A little gift we present to you  
For services rendered so sincere and true.

We too, shall miss you and your pleasant ways  
And envy you much on the rougher days.

On Wednesday, a surprise Teacher Appreciation Party was given by the girls of 702 (Mrs. Basy's Homeroom) for the teachers of Grades 7 and 8, the Principal, Mr. Estill McIntyre, Supervisor, Mr. Earl Smith, and Librarian, Mabel Burklew.

## Perry Garden Club Meets At Library

The Perry County Garden Club met on Tuesday afternoon, May 25 at the Bobby Davis Library. Present were the following members: Mesdames Gene Parker, T. E. Moore, Don Ward, Chalmer Lindon, Harold Greene, Dewey Daniel, Paul Petrey, Eli Boggs, C. D. Snyder, John Green, L. O. Davis, Richard Johnson, W. W. Reeves, Harold Sigmon; Misses Marion Cole and Elizabeth Griffy.

Mrs. Gene Parker, the President, presided, and Mrs. W. W. Reeves substituted for Program Leader Mrs. Henry Spalding, unable to attend because of illness.

### A Recipe for Pot Pourri

Mrs. Reeves explained to the garden club the procedure for processing rose petals for pot pourri. The petals from fragrant roses such as Etoile de Hollande or Mirandy roses are gathered after they have fallen from the stem. To these are added a few rose buds for color. The petals are spread on a wire screen or absorbent paper towel to dry in the sun for several days. In placing the petals, care is taken to see that they do not lie on top of each other.

Mrs. L. O. Davis commented on what has been done at the park, the maintenance of which is the chief project of the Perry County Garden Club. A new U. S. flag flies at the top of the flag pole, thanks to a contribution from Mrs. Susie Brashear. A bed of Maytime and white Cascade petunias was planted by Mrs. Davis at the entrance to the library. Work continues on the stone steps and walkways in the park, which we hope will prevent a number of unsightly paths.

Mrs. Harold Greene asked the club to take on the project of planting the plot opposite the entrance to the gymnasium, which so far has one lovely, pink flowering crab.

Mrs. William F. O'Donnell has been appointed Chairman of Garden Therapy. The District Meeting of the Mountain Laurel Region Garden Club will be held in Hazard in the fall. Mrs. L. O. Davis will be Chairman; Mrs. L. D. Gorman is Vice-chairman.

Miss Marion Cole, Mesdames

Don Ward, and Alva Hollon will decorate for the Nurses' graduation at the Baptist Church on June 12.

Mrs. Parker read a resolution from the Better Roads Council asking for support of the Bond Issue in November because surrounding states are voting to expedite the building of modern highways by raising funds to support Federal grants of nine thousand dollars for each one-thousand dollars the states raise. The club members unanimously voted to support this issue in the coming election.

## Big Rock Bottom Church Dedicated; Public Library Opens

by J. Anderson Hamblin  
The dedicatory service at the Big Rock Bottom Baptist Church on Sunday, May 23, was both inspiring, spiritually and successful financially.

The message on the church brought by Rev. Harold G. Sanders from Solomon 6:10 was most inspiring. A most sumptuous and appetizing dinner was served by the ladies.

Rev. O. B. Gabbard preached in the afternoon.

Total offering for the day was \$247.06 for which we are most grateful, especially to the candidates for public office. We are sorry for those who lost and congratulate the winners.

The candidates who contributed and were present were: Mr. and Mrs. Berman Gibson, Mr. and Mrs. Homer Eversole, Roland Baker, Mr. and Mrs. Monroe Riley, Henry Womble, Mrs. Yancy Amis, Taulbee Abner, Mr. and Mrs. McKinley Mc-

Intosh, and Eli Gilbert and Bernice M. Combs.

Those who sent contributions were: George Caudill, Bill Kelly, J. A. Smith, Jessie Horn, Harve Hensley, and Sam Riley. To all those we heartily thank you and wish you the best of luck.

Attending the services were all the living family of Rev. Orville B. and Rena McIntosh:

Gay, i. e., Mrs. Minta Begley, and Mrs. Lettie Strong of Chavies, Jephtha Gay, and General Gay of Buckhorn, also present were six children of Isaac and Polly Ann McIntosh: John J. McIntosh, McKinley McIntosh, Amanda May and Zillah McIntosh of this community and Mary Gay and Emma Ingram of Lexington.

Also attending were: Maude McIntosh, and Cora E. McIntosh. The earth is receiving much needed rainfall.

Milton Eversole, who is still

in the Veterans Hospital is still in serious condition, though some improvement has been made. His wife Ella returned home for a short stay. She is constantly with him. Margaret Sandlin, Hazel Combs, and Mary McIntosh have been confined in Appalachian Hospital. We pray for them to recover.

Mrs. Erwin H. Plumer and her two daughters, Marla and Wendy, are visiting in Minnesota with relatives. They will return to Buckhorn around the 20th of June.

Mr. Erwin H. Plumer has taken three boys from the Presbyterian Child Welfare Agency to Washington, D. C., for a week.

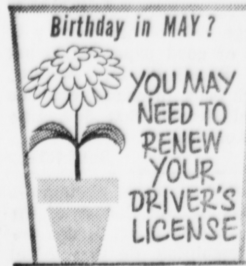

Miss Judy Houk has opened a public library in the old grade school building. Everyone is invited to use it.

Two-year-old Caroline Hill visited with her grandmother, Mrs. Sarah Collins, for two weeks. Mrs. Pauline Hill and

her son Danny also came for a few days to visit Mrs. Collins. Mr. and Mrs. Larry Minter, Mr. and Mrs. John Wilson Minter, Jr., and Mr. and Mrs. Edward Minter visited their family over the weekend.

### Eli Brashear Expresses Appreciation!!

Thanks to the large number of voters that turned out to vote for the candidate of their choice. Especially the ones that voted with me on new ideas for economy and progress, since all of my opponents were advocating greater spending and at the same time the Governor is planning on raising more money, the state is needing so badly, my plans were headed in that direction but I lost.

**ELI BRASHEAR**

### TO THE VOTERS OF DISTRICT 4:

I would like to express my appreciation to my many friends who supported my candidacy for the office of Magistrate, District 4, in the Democratic Primary May 25.

I extend my special thanks to the people who worked so hard for me during this election.

Even though I lost, I feel that I have won in that I have gained many friends during this campaign.

Again I say, thanks.

A ladies purse and the fuselage of the small plane were found at the base of the 500 foot mountain on which the bodies were found.

The plane left Nashville, Tennessee early Wednesday for Wilmington, Delaware.

The accident occurred off Kentucky 160 in a remote area of Letcher County near Van, Kentucky about four miles Northwest of Whitesburg.

## Resumes Operation

## Following Walkout

Things are back to normal at the Hazard Coca Cola Bottling Works following a walkout of 9 employees that lasted almost two months.

Driver salesmen and plant workers were back on the job last Thursday morning and according to reports business has been very good.

The strike started on April 19 when the local plant was taken over, on an option, by the owners of the Whitesburg Coca Cola Plant. According to reports the workers came out for job security and asked for a union.

# Homer A. Taff Announces State's Role In Clean-up Campaign

Full agency support for Kentucky's 1965 effort in pressing the national "Keep America Beautiful" campaign was announced this week by Homer A. Taff, State Conservationist of the U. S. Soil Conservation Service, headquartered at Lexington, Kentucky.

Mr. Taff stated, "The aims of rural and community beautification are in complete harmony with those of conservation. As the season of tourist travel and family outings approaches, we are also mindful of annual, serious damages to property and natural resources caused by careless trash disposal."

According to the conservation official, Soil Conservation Service technicians assisting Kentucky's 121 soil conservation districts are prepared to help. They will suggest useful vegetation to screen unsightly areas and aid in designing measures to control polluted runoff water.

Use of agency soils-maps to select sanitary areas for the increasing numbers of camps and grounds has been another device in preserving the beauty of the countryside. SCS will continue this method in the current program, Taff said.

## Retired Executives Can Use "Leisure" To Aid Little Businesses

Doing nothing is tough. But today retired business executives, who are learning that leisure is not what it was cracked up to be, can work at one of the most rewarding jobs to come along in years.

R. E. Blankenship, Regional Director of the Louisville Small Business Administration office, said that 2,200 retired executives are now putting their "leisure" to good use by helping struggling little businesses over management humps.

They are members of SCORE—the Service Corps of Retired Executives—are now putting their abilities and skills to advise and counsel business men with fewer than 25 employees.

Launched by the U.S. Small Business Administration last October, SCORE has already helped some 3,000 small concerns throughout the country, and the demands for SCORE's advice and aid are mounting.

"Just during April," Blankenship revealed, "SCORE volunteers assisted 967 small firms." Such help as advising business owners of up-to-date management methods and the need for modern bookkeeping services as well as pinpointing retail, wholesale or production errors is offered through SCORE.

Blankenship said that SCORE was kicked-off after studies revealed that the Nation's retired brainpower was being wasted and the small business community was in desperate need of experienced management counseling. "Without proper management know-how small business can look forward to business failure," Blankenship said.

SCORE, a businessmen-to-businessman association, offers the small business community a chance to stay competitive and to stay healthy. Blankenship said.

Those interested in sharing their wealth of knowledge and experience with small business men who need it are urged to contact R. E. Blankenship, Director, Louisville Regional Office, 1900 Commonwealth Building, Louisville, Kentucky, telephone number - 582-5271.

Small business courses which wish to avail themselves of this service should contact the SBA Louisville office and ask for information on the program.
